

1 **113741-09K**
Oversized Primary Pressure Regulator Valve Kit

Helps cure:

- Chatter on acceleration
- High/Low line pressure

Note: Requires tool kit F-113741-TL9 & the VB-FIX reaming fixture.

2 **113741-01K**
Solenoid Regulator Line Pressure Valve Kit

Helps cure:

- Chatter/Noise on acceleration
- Loss of ratio change

3 **113741-04K**
Oversized TCC Limit & Lube Valve Kit

Helps cure:

- Engine stalls on engagement
- Loss of lockup

Note: Requires tool kit F-113741-TL4 & the VB-FIX reaming fixture.

4 **113741-11K**
Lockup Control Sleeve & Plunger Valve Kit

Helps cure:

- Jerking on coastdown/harsh engagement
- High engine RPM due to no lockup

JF010E Upper Valve Body

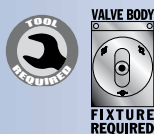

JF010E Middle Valve Body

JF010E Main Valve Body

JF010E Pump

5 **113741-07**
Oversized Pump Flow Control Valve

JF010E pump only

Helps cure:

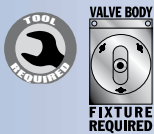

- Slippage
- Delayed engagements into forward & reverse

Note: Requires tool kit F-113741-TL7C & the VB-FIX reaming fixture.

6 **113741-13K**
7 **113741-15K**
Oversized Secondary Regulator Valve Kit

JF011E only

JF010E only

Helps cure:

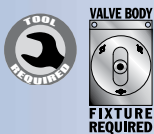

- Chain slippage & pulley fracture
- RPM surge/chatter on acceleration

Note: Requires tool kit F-113741-TL13 & the VB-FIX reaming fixture.

8 **113741-17K**
9 **113741-19K**
Oversized Secondary Pulley Control Valve Kit

JF010E only

JF011E only

Helps cure:

- Chain slippage & pulley fracture
- RPM surge/chatter on acceleration

Note: Requires tool kit F-113741-TL17 & the VB-FIX reaming fixture.
